7th - 13th February 2020

HEADS UP
HATS ON

FOR HYDROCEPHALUS

**Wear your favourite hat,
make a donation and
fundraise for Shine!**

Did you know...

Hydrocephalus is a condition where fluid builds up in the head which can affect how the brain works in different ways.

- 1 in every 1000 babies born are affected by hydrocephalus
- Hydrocephalus is the most common reason for a child to have a brain operation
- As a result of injury or infection, anyone could be affected by hydrocephalus at any point in their life.
